

Our town is far away from being a “Megapolis”, that's why we- 6 pieces crazy squad decided to add some Hot Rhythms to it. In order to achieve this goal we select the most precious pieces of all the times and genres and nail them in a shaky and POPish style.

We get our inspiration from TOP 40, Pop, Dance, Disco, Rock, Pop-Rock, Rock & Roll, Blues, '50, '60, '70, '80, '90, Lounge, Funk, Jazz

The band was formed by Vladimir Andrian, the keyboard player, who had come back from Cruise ship, after many years of working in the entertainment industry at Sea Cruises and was so excited about forming his own band.

On 4 of May 2016 the first step was made and the first rehearsal took place. It was a step with right foot, for it led the band to its many local and international projects.

The band successfully coped with this vetting, receiving the best possible award employer's satisfaction: “The guest’s feedback on the genre of music and the quality of interaction by the band is rated high, leaving behind several nostalgic moments to recall.

We take this opportunity to wish the Megapolis band the very best in all their future endeavours”.

Full of enthusiasm, the band decided to apply all obtained knowledge to gain a name in their hometown through performing on stages, in hotels, clubs, at parties, weddings and special events.

At the moment the band consists of:

01. Vladimir Andrian- the former of the band and the keyboard player.
02. Valentina Nejel- our beloved treasure and front female vocalist.
03. Cornel Sevcuic-front Male vocalist, our local “ Joe Cocker”
04. Valeriu Ciobanu- the band’s yin&yang: bass player and front vocalist.
05. Andrian Sanduta- local rock star- guitar player and back vocalist.
06. Gelu Ispir- the beating heart of our collective- drummer.

Having an arsenal of highly experienced musicians, 2 lead vocalists and a vast and various song-list we are confident and firmly determined to accept a new challenge! Do you have an event? Let's rock it together!
